

ELECTIVE NAME

Advanced OB/GYN Inpatient

COURSE NO:

OGR 609

PREREQUISITE:

Req'd OB/GYN Clerkship

INSTITUTION:

Spectrum Health Butterworth
Saint Mary's Health Care

ORIENTATION:

The student will meet with the Program Director on the first day of the rotation. The exact time and location will be given to the student, one week prior to the start of the clerkship. The student must also contact Stephanie Flood at 391-7189 or pager 479-4698 on their first day for orientation to OBtv.

OBJECTIVES:

- The student will gain in-depth experience in the management of obstetrical patients in a community hospital setting.
- The student will further develop basic clinical skills related to the care of female patients.
- The student will learn to recognize high risk and complex obstetrical patients.
- The student will have frequent exposure to common gynecological problems both surgical and non-surgical.
- The student will gain experience in the total care of postpartum patients.
- The student will observe specialized OB/GYN procedures.

DESCRIPTION:

This is an internship-like clinical experience in OB/GYN and the student will function as an involved team member. It offers participation in prenatal and postpartum clinics and in the management of obstetrical and gynecological problems in the outpatient setting. Students have the opportunity to observe specialized OB/GYN procedures, to assist as assigned in labor and delivery and to follow the progress of their OB patients. Students will be involved with management of high risk OB patients. The student is encouraged to attend weekly OB/GYN lectures and seminars.

Inpatient: 75%; Outpatient: 25%.

EVALUATION:

Preceptor(s) will be asked to submit a written evaluation at the conclusion of the clerkship. Faculty are encouraged to provide ongoing feedback throughout elective rotations.

(*seniors Intern Equiv.)
