ELECTIVE NAME:

Pediatric Infectious Diseases

COURSE NO:

PHD 603

PREREQUISITE:

Req'd Pediatric Clerkship

INSTITUTION:

Devos Children's Hospital

FACULTY:

Dr. Lilly Immergluck, Dr. Cindy Pollack, Pharm D., Jodi Meinke, NP, Caroline Rich, NP

CONTACT:

Val Kitchen, Administrator 616-391-8894

OBJECTIVES:

The clerkship is designed to provide the student experience in the assessment of a wide array of patients with infectious diseases issues. Patient care experience will occur in both inpatient and outpatient settings, including intensive care units, transplant units, inpatient floors and travel clinics. The student will also spend time in the Microbiology laboratories, learning and reviewing diagnostic techniques. Discussions and teaching with the division's clinical pharmacist will also be provided.

COURSE MATERIALS:

Krugmans: Infectious Diseases in Children. Articles on infectious disease topics.

EVALUATION:

Written evaluation at the conclusion of the clerkship as provided by the preceptor. Oral presentation on an infectious disease topic of interest.

Students will also be provided an opportunity to evaluate the clerkship at the conclusion.
